### Do You Digest Your Meals With Pills?

Make Your Stomach Stronger Than Medicine and End Indigestion, Sour- Hill. ness, Gas and Pain.

No healthy stomach needs digestive pills to do its work. If the food you eat disagrees it is bad policy to continually force the digestion of the fermenting food with artificial adds.

Make your stomach strong and healthy so it can do its own work. A bad stomach needs a good medicine like Mi-o-na Stomach Tablets, which Lee & Osgood and leading druggists everywhere sell on a positive guarantee of satisfaction or money back. Mi-o-na helps the digestion but it also helps the stomach by loosening up the hardened bile and mucous from the stomach walls, permitting a normal flow of the natural digestive juices and strengthens the entire digestive system. Digestive pills often become a bad habit, Mi-o-na ends the pill habit and ends indigestion. Many reports from satisfied users prove its value for this purpose.

INFLUENCE OF WOMEN Women are a wonderful influence in the lives of most great men," says the Washington Post, and upon women rests the responsibility for family health. To her they look for help in times of sickness, and the attention of every wife and mother in this vicinity is called to the rare combination of the three oldest tonics known, which Druggist G. G. Engler, Proprietor of the Broadway Pharmacy, guarantees in Vinol—iron for the blood, beef peptone for strength, and the body-building, medicinal properties of cod livers. It will pay over-worked, weak, run-down people, delicate children and feeble old people to try it.
